Website Care Plan

Aurora Indigenous Solutions · Keep your site current, working, and checked every month

$25 per month · optional add-on

You run your business. We keep your website up to date and check it every month, and you get a short report showing exactly what was done.

The short version

- Small updates when you need them
- A monthly health check
- A written report every month
- Cancel anytime

What's included every month

Small updates	Up to **30 minutes** of changes: hours, prices, menu items, specials, photos, phone numbers, text edits. Done within **2 business days** of your request.
Uptime watch	Your site is monitored automatically. If it goes down, we're alerted and fix it.
Monthly health check	We test every page and link, the contact form, tap-to-call, the map, and how it looks on a phone.
Search listing check	We make sure your Google Business Profile and Facebook still link to your site.
Domain reminder	We remind you 30 days before your domain renews, so your address never lapses.
Backup	Every version of your site is saved, so any change can be undone.
Monthly report	By the 5th of each month you get a report: checks done, issues found and fixed, and every update you requested with the date it was finished.

How to request an update

Text or email your request to **(605) 951-0612** or **admin@aurora-work.work**. Requests come in writing so there's a clear record. You'll get a reply when it's done.

Not included

New pages · redesigns · new features · writing new content from scratch · domain fees · ads or social media posting. These are quoted separately before any work begins.

Terms

- Billed on the 1st of each month, due within 7 days. Starts the month your site goes live.
- Unused update time doesn't roll over. Requests that would take more than 30 minutes are quoted first, and nothing is charged without your OK.
- Cancel anytime with notice before the 25th. It ends at the close of that month, and your site stays yours.
- If a payment is more than 30 days late, care pauses until the account is current.

Applicable South Dakota sales tax is added where required.
