Snap a receipt. It's tracked.

Aurora Receipt Tracker · Receipt tracking for small businesses, landlords, and households

$30 per month · $200 one-time setup

Take a photo of a receipt on your phone. The store, date, and total are read for you and saved to your own ledger, sorted by property if you have more than one.

Good for

- Rental property owners
- Small businesses and contractors
- Anyone who dreads tax time

What you get

Your own private ledger	Only you and Aurora can see it
Phone portal	A private link you add to your home screen. No app to install.
Sorted by property	Every receipt is tagged to the right address
Check before saving	You confirm the numbers on every receipt
Monthly profit & loss	A P&L sheet each month with plain-English insights on where the money went
Export anytime	A spreadsheet of your receipts for you or your accountant

Old receipts (optional)

Backlog upload	Price
First 300 receipts	$150
Each additional 100 receipts	$25

Getting started

1. We set up your ledger and properties.
2. You get your private link and a 2-minute walkthrough.
3. Start snapping receipts.

Billing, plainly

- The $200 setup is paid once, by card, after you approve. No surprise charges.
- The $30 a month is billed by card through Stripe, starting when your tracker is set up
- Cancel anytime. You get a spreadsheet of your records, and we keep your data 90 days, then delete it.
- 2 free replacement links per year if you lose yours

Applicable South Dakota sales tax is added where required.
